WORKING AND RESEARCH EXPERIENCES

2012, Intern in the Italian Centre of Electoral Studies (CISE) - Luiss Guido Carli, Rome and University of Florence.

Activities:

Gathering electoral data on general elections on five European democracies (Austria, France, Germany, Ireland and United Kingdom), disaggregating these data by regions (Austria and Germany), by macro-regions (the United Kingdom) and by electoral constituencies (Ireland and France) in order to design a new dataset. .

2013-ongoing: Assistant for the Italian Centre of Electoral Studies (CISE), Rome-Florence, Luiss Guido Carli- University of Florence.

Activities:

- Gathering data to design an original dataset of party membership, party primaries and party voters of the Italian Democratic Party (PD) and, then, analyzing their dynamics and trends over time.
- Pre-electoral and post-electoral analysis of the regional and local elections in Italy.
- Analysis of the 2013 regional and general elections in Lazio.
- General overview on the European Parliament (EP) elections in Italy between 1994 and 2009 to shed light on its impact on the format and mechanics of the national party system.
- Quantitative analysis of the electoral trends regarding all the parties belonging to the Party of European Socialists (PES) between 2009 and 2014 at the EP elections.
- Analysis of the regional and EP elections in Abruzzo in 2014.
- Analysis and comparison on the electoral systems and rules in seven Italian regions (Campania, Liguria, Marche, Puglia, Toscana, Umbria and Veneto) in order to prepare the post-electoral analysis of the regional elections in 2015.
- Pre-Electoral and Post-Electoral analysis on the 2015 regional elections in Umbria.
- Joining a project on the municipal elections in Italy in the years 2016 and 2017, particularly focusing on Rome and Genoa municipal elections.
- Designing surveys for the Issue Competition Comparative Project (ICCP) to shed light on the patterns of issue competition in Western Europe.

Summer Schools and Paper Presentations

- 2015 - Methods Summer School, University of Essex, United Kingdom, *Education in Maths and Applied Regression*.
