

EU3D Lecture on the Future of the EU

To share or not to share. Europe's difficult passage to risk-sharing in financial policy

19 May 2021, 1:00 pm CEST

This event is organised in the framework of EU3D, a 4-year research project looking at the future of European integration, with particular emphasis on differentiation. EU3D will specify the conditions under which differentiation is politically acceptable, institutionally sustainable, and democratically legitimate; and provide important knowledge on the conditions under which EU reforms may fail or succeed. www.eu3d.uio.no

EU3D is funded by the European Union's Horizon 2020 Research and Innovation Programme Grant Agreement No. 822419

Welcome and Introduction

Sergio Fabbrini

Dean of Political Science Department and Head of the Luiss EU3D Team
